Multiple-choice progress report

0625 Paper 1 March Revision | IGCSE Physics 0625

Naledi Mokoena

Completed 27/08/2026

27 / 40

68% final mark

Performance summary

Forces and motion	7/10
Electricity and magnetism	6/10
Waves, light and sound	7/10
Thermal physics	7/10

Areas to improve

Forces and motion

Revisit questions 5, 17, 29. Review the core idea, explain why each distractor is incorrect, and then attempt two similar questions without notes.

Electricity and magnetism

Revisit questions 2, 14, 26, 38. Review the core idea, explain why each distractor is incorrect, and then attempt two similar questions without notes.

Waves, light and sound

Revisit questions 11, 23, 35. Review the core idea, explain why each distractor is incorrect, and then attempt two similar questions without notes.

Thermal physics

Revisit questions 8, 20, 32. Review the core idea, explain why each distractor is incorrect, and then attempt two similar questions without notes.

Answer review

Question	Topic	Your answer	Correct	Result
1	Forces and motion	A	A	Correct
2	Electricity and magnetism	B	C	Review
3	Waves, light and sound	C	C	Correct
4	Thermal physics	D	B	Correct
5	Forces and motion	A	A	Review
6	Electricity and magnetism	B	C	Correct
7	Waves, light and sound	C	C	Correct
8	Thermal physics	D	B	Review
9	Forces and motion	A	A	Correct

Multiple-choice progress report

0625 Paper 1 March Revision | IGCSE Physics 0625

10	Electricity and magnetism	B	C	Correct
11	Waves, light and sound	C	C	Review
12	Thermal physics	D	B	Correct
13	Forces and motion	A	A	Correct
14	Electricity and magnetism	B	C	Review
15	Waves, light and sound	C	C	Correct
16	Thermal physics	D	B	Correct
17	Forces and motion	A	A	Review
18	Electricity and magnetism	B	C	Correct
19	Waves, light and sound	C	C	Correct
20	Thermal physics	D	B	Review
21	Forces and motion	A	A	Correct
22	Electricity and magnetism	B	C	Correct
23	Waves, light and sound	C	C	Review
24	Thermal physics	D	B	Correct
25	Forces and motion	A	A	Correct
26	Electricity and magnetism	B	C	Review
27	Waves, light and sound	C	C	Correct
28	Thermal physics	D	B	Correct
29	Forces and motion	A	A	Review
30	Electricity and magnetism	B	C	Correct
31	Waves, light and sound	C	C	Correct
32	Thermal physics	D	B	Review
33	Forces and motion	A	A	Correct
34	Electricity and magnetism	B	C	Correct
35	Waves, light and sound	C	C	Review
36	Thermal physics	D	B	Correct
37	Forces and motion	A	A	Correct
38	Electricity and magnetism	B	C	Review

Multiple-choice progress report

0625 Paper 1 March Revision | IGCSE Physics 0625

39	Waves, light and sound	C	C	Correct
40	Thermal physics	D	B	Correct

Your next steps

1. Start with the weakest topic above.
2. Correct every missed question without looking at the answer key.
3. Write one sentence explaining why your new choice is correct.
4. Retry the paper after revision and compare your score.
